

## Sealed Bid Auction – raising funds to beat SCAD

This beautiful, **limited edition (No. 15 of 20)** dolls house has been very kindly donated to Beat SCAD by Arthur and Vera Askew of Melton Mowbray to help raise funds for the vital research needed into Spontaneous Coronary Artery Dissection (SCAD).

Vera is an avid dolls house collector and has spent many hours carefully furnishing this enchanting home, adding further character to its already interesting history.

Vera has owned the house since 1977 after purchasing it from the much loved “**F. H. Watts Toy Shop**” on Sherrard Street, Melton Mowbray. Frederick and Hilda Watts started the business just after the Second World War and enjoyed a long and successful reign with their family as Melton’s favourite toy shop – including a merger to become “**Arbon & Watts**”.

This two storey house comprises four rooms assembled as lounge room and kitchen/diner downstairs, bedroom leading off stair hallway upstairs plus bathroom. The paint work is original – the house has never been re-painted or altered.

Approximate dimensions (cm): **50 (w), 40 (h), 30 (d)**

### HOW TO BID

Sealed bids need to be submitted to the Beat SCAD team at the Model Show **by noon on Sunday 11th September 2016** with the winning bid being announced at 3pm the same day.

Bids may be submitted via envelope in the box located at the Beat SCAD exhibit on Saturday 10th and Sunday 11th September (where the house is available to view), or via email to [rebecca@beatscad.org.uk](mailto:rebecca@beatscad.org.uk)

### **The winning bidder is required to pay on collection**

*Please note the seller is not obliged to sell the item if the reserve is not met*
